## FISCAL ANALYSIS

### ASSUMPTION

#### § 135.090 Surviving Spouse

According to the Tax Credit Analysis submitted by the Department of Revenue regarding this program, the Surviving Spouse tax credit program had the following activity;

	FY 2010	FY 2011	FY 2012
Amount Issued	\$22,363	\$16,861	\$32,793
Amount Redeemed	\$22,363	\$16,861	\$32,793

**Oversight** assumes this tax credit was to sunset on August 28, 2013 (FY 2014). This proposal extends the tax credit until December 31, 2019 (FY 2020); therefore, **Oversight** will show a loss to state revenue for the credits issued in FY 2015 and FY 2016. This tax credit does not have an annual cap. **Oversight** will reflect a loss of revenue to the State equal to the average amount issued over the last four years (\$20,468).

#### § 135.327 Children In Crisis

According to the Tax Credit Analysis submitted by the Department of Revenue regarding this program, the Children in Crisis tax credit program had the following activity;

	FY 2010	FY 2011	FY 2012
Amount Issued	\$420,857	\$587,137	\$629,456
Amount Redeemed	\$420,857	\$587,137	\$629,456

**Oversight** assumes the Children In Crisis tax credit previously sunset on August 28, 2012. This proposal extends this tax credit beginning with the effective date of this act (FY 2014) and therefore Oversight will reflect a loss to state revenue for the credits issued in FY 2014, FY 2015 and FY 2016. The Children in Crisis program shares a four million dollar annual cap with the Special Needs Adoption tax credit. Oversight will reflect the amount of lost revenue to the State equal to the average amount issued over the last five years (\$469,403) through this program.

ASSUMPTION (continued)

§ 135.562 Residential Dwelling-Individuals

According to the Tax Credit Analysis submitted by the Department of Revenue, the Residential Dwelling Accessibility tax credit program had the following activity;

	FY 2010	FY 2011	FY 2012
Amount Issued	\$23,040	\$20,086	\$6,501
Amount Redeemed	\$23,040	\$20,086	\$6,501

**Oversight** assumes this credit was to expire on August 28, 2013 (FY 2014). This proposal extends this credit, and therefore Oversight will reflect a loss to state revenue for credits issued in FY 2015 and FY 2016. This credit has an annual cap of \$100,000. Oversight will reflect the lost revenue to the State as equal to the average amount issued over the last four years (\$16,498).

§ 135.535 Rebuilding Communities

According to the Tax Credit Analysis submitted by the Department of Economic Development regarding this program, the Rebuilding Communities tax credit program had the following activity;

	FY 2010	FY 2011	FY 2012
Amount Issued	\$1,419,758	\$1,444,107	\$1,883,336
Amount Redeemed	\$1,553,894	\$1,277,135	\$1,388,190

**Oversight** assumes this proposal eliminates the provision that the Residential Dwelling Accessibility tax credit be funded with unused Rebuilding Communities funding. This part of the proposal would not cause an additional impact on General Revenue, since the annual issuance of the Rebuilding Communities tax credit program has been well below the \$10 million dollar cap.

§ 135.630 Pregnancy Resource Center

Officials from the **Department of Insurance, Financial Institutions and Professional Registration (DIFP)** state it is unknown how many insurance companies will choose to participate in this program and take advantage of the tax credits. The department has no means to arrive at a reasonable estimate of loss in premium tax revenue as a result of tax credits. Premium tax revenue is split 50/50 between General Revenue and County Foreign Insurance Fund except for domestic Stock Property and Casualty Companies who pay premium tax to the County Stock Fund. The County Foreign Insurance Fund is later distributed to school districts through out the state. County Stock Funds are later distributed to the school district and county treasurer of the county in which the principal office of the insurer is located. It is unknown how

ASSUMPTION (continued)

each of these funds may be impacted by tax credits each year.

According to the Tax Credit Analysis submitted by the Department of Social Services regarding this program, the Pregnancy Resource Center tax credit program had the following activity;

	FY 2010	FY 2011	FY 2012
Certificates Issued (#)	3,708	3,729	3,827
Amount Issued	\$1,324,130	\$1,795,230	\$1,844,684
Amount Redeemed	\$1,198,062	\$1,103,384	\$1,892,183

**Oversight** assumes the Pregnancy Resource Center tax credit previously sunset on August 28, 2012. This proposal extends this tax credit beginning with the effective date of this act (FY 2014) and therefore Oversight will show a loss to state revenue for the credits issued in FY 14, FY 15 and FY 16. This credit has an annual cap of \$2 million dollars. Oversight will reflect a loss of revenue to the State equal to the average amount issued over the last five years (\$1,523,454).

§ 135.647 Food Pantry

According to the Tax Credit Analysis submitted by the Department of Revenue regarding this program, the Food Pantry tax credit program had the following activity;

	FY 2010	FY 2011	FY 2012
Amount Redeemed	\$793,734	\$1,081,076	\$796,156

**Oversight** assumes this credit previously sunset on August 28, 2011. This proposal extends this tax credit beginning on the effective date of this act (FY 2014) and therefore Oversight will show the loss to state revenue for the credits issued in FY 14, FY 15 and FY 16. Oversight assumes the credit has an annual cap of \$2 million dollars. Oversight will reflect the amount of loss of revenue to the State equal to the average amount issued over those three years (\$890,322).

§ 135.800 Tax Credit Accountability Act

**Oversight** assumes no impact from this provision.

Bill as a Whole

Officials at the **Budget and Planning (BAP)** assume no impact on BAP from this proposal. However, extending the sunset on these tax credits will reduce General and Total State Revenue in the future.

ASSUMPTION (continued)

Officials at the **Department of Economic Development** assume there is no fiscal impact from this proposal.

Officials at the **Department of Social Services** assume no impact from this proposal. The duties performed by staff would continue as they did prior to the sunset of the programs.

Officials at the **Department of Insurance, Financial Institutions and Professional Registration** assume no fiscal impact to the department in FY2014, FY2015, or FY2016. This legislation may have an unknown increase to premium tax revenue beginning in FY2026 due to the possible sunset of tax credits. Premium tax revenue is split 50/50 between General Revenue and County Foreign Insurance Fund except for domestic Stock Property and Casualty Companies who pay premium tax to the County Stock Fund. The County Foreign Insurance Fund is later distributed to school districts throughout the state. County Stock Funds are later distributed to the school district and county treasurer of the county in which the principal office of the insurer is located. It is unknown how each of these funds may be impacted by the potential sunset of tax credits beginning in FY 2020.

Officials at the **Department of Revenue** assume that extending the sunsets on these tax credits creates an unknown, negative impact on Total State Revenue.

**Oversight** assumes these changes would prohibit the issuance of any further tax credits under these program after December 31, 2020. Oversight assumes any income to the state from these tax credits not issued and the taxes being collected is outside the fiscal note period.
